About Me

Shortly about myself. Previously worked with different types of engines. Now and for the last 15 years I have been working with MAK/Caterpillar. I know my job well and take full responsibility for it. I have been to Dry Dock more than once. I can weld and work on a lathe. I have extensive experience in maritime work. I want to find a job, preferably in Norway, but I will consider any offers, since now my family and I have moved from Ukraine to Norway. I am not afraid of any work. I really need any job (offshore, supplier, marine, office, workshop or any auxiliary fleet), because in Mariupol (Ukraine) our family lost everything. Thanks in advance. Please use my old phone number +380977250185 for Whatsapp, Messenger or others.
